SUMMARY

A motivated Computer Science graduate with Bachelor Of Computer Science (Software Engineering) With Honours, I offer a strong foundation in software development principles, web technologies, and networking. With a keen eye for detail and a strong problem-solving mindset, I am particularly interested in software testing, web development, and networking. I am eager to gain hands-on experience in real-world projects that enhance my technical skills, strengthen my understanding of testing methodologies, servers and contribute to the team.
